16-18 SCH	DAH scholarship students in freshman, sophomore, junior, and senior years
1-7 SCH	Summer session

Students have the right to register from 19 to 21 SCH in a regular semester if their Cumulative Grade Point Average (CGPA) is 4.50 or above. No student with a CGPA lower than 4.50 can register an overload without the approval of the Dean of Students. However, exceptions are made for students with a CGPA of 2.75 and who are enrolled for the last semester prior to graduation. In no case will a student be allowed to enrol for more than 21 SCH. In addition to the standard University tuition fee, the student with a credit overload must pay the cost of the extra credit hours as per the University fee structure. During the period announced by the Registration Unit, the students may apply to have overload credits by completing the "Course Overload E-Form" (available in the Petition System). In no case will a student be allowed to enrol for more

Add and Drop Courses

Students must first consult with their academic advisors before adding and dropping courses and they should maintain the required course load during this process. Adding and dropping courses will be done through the Student Information System (SIS) according to the dates specified in the Academic Calendar.

Prerequisites and Co-requisites

Some courses may require pre-requisite or co-requisite courses. Through the help of the academic advisor, students must ensure all pre-requisite or co-requisite course(s) are taken in the same sequence as in the POS. Any exceptions regarding the waiver of a pre-requisite or a co-requisite that is supported by the academic advisor must have a written justification and an approval from the Department Chair. Students can apply to waive a course pre-requisite or a co-requisite by completing the "Course Pre-requisite Waiving E-Form" (available in the [Petition System](#)).

Registering in a Closed Section

Students have the right to apply for registering in a closed section during the period announced by the Registration Unit. After clearing any conflict, pre-requisite, or load issues, students can apply to the waiting list for registering in a closed section through the Student Information System (SIS). If the waiting list application was not successful, students can apply for a petition, during the allowed period, by completing the "Registering in a Closed Section E-Form" (available in the [Petition System](#)). Students are responsible to monitor the status of their application in both systems as applying only does not guarantee a successful registration in the closed section.

Repeating Courses

A student may repeat a course to remove the effect of a low grade or to meet graduation requirements, within the maximum time limit time required for graduation. When a course is repeated, only the highest grade earned in the course will be counted when calculating the student's GPA. However, the old grade will appear on the transcript.

Repeating a Passed Course

A student may repeat once a course in which she obtained a grade of "D" or "D+" by completing the "Repeat Passed Course Form" (available at the Registration Unit) and obtaining the approval of the academic advisor and Department Chair.

Repeating a Failed Course

A student may repeat a failed course (a course in which she received a grade of "F", "NF" or "DN") twice, the registration for which should be completed through the Student Information System (SIS).

Failing a Repeated Course for the Third Time

If a student fails a course thrice, she has the following options:

1. Take an alternative course (equivalent in content to the failed course);
2. Do an independent study in any of the course's subject matter (such as writing a research paper, summarizing articles or doing a project upon the approval and under the supervision of the Department Chair and the instructor of the respective course);
3. Take the course outside the University (as a transfer course with a prior approval as per the policy of transfer of credits).

Deferral of Study and Withdrawal

Deferral of Study

Any student who decides to defer her study must apply for a petition during the deferral of study period specified in the Academic Calendar. The student is required to complete the "Student Clearance E-Form" (available in the Petition System), discuss her reasons for deferral of study, and obtain the approval of the Dean of Students. Scholarship and financial aid students must obtain the approval of the Scholarship Unit before applying for a deferral of study.

A student is permitted to defer her study before the end of the second week of classes of every semester. The student has the right to defer her study for three interrupted or consecutive semesters during her years of study. Taking into consideration that the active time frame of the deferral is one semester, the student must apply for each deferred semester separately. At the end of the deferred semester, the student must either rejoin the University in the semester that follows, apply for another deferral of study, or withdraw from the University. The deferral of study semester will not be counted towards the Maximum Time Frame (MTF).

Disenrollment

A student who fails to re-join the University during the first two weeks of the semester or fails to either apply for a deferral of study or a withdrawal from the University, will be disenrolled for that semester only. The student has the right to re-join the University in the following semester.

The Registration Unit deactivates the students' records if they fail to re-join the University after a disenrolled semester. However, a student has the right to apply for a reactivation of record or readmission at a later stage.

Semester or University Withdrawal

A student who wishes to withdraw either from the semester in which she is currently enrolled or from the University must first discuss the reason for withdrawing with the Dean of Students. If the student still wishes to withdraw, she must apply for a petition during the allowed period by completing the "Student Clearance E-Form" (available in the Petition System) and continue to attend classes until she gets all the required approvals on the Petition system and ensures that the withdrawal process in the Registration Unit has been completed. The student should inform, then, her course instructors and academic advisor about the withdrawal process and the final status. A student who stops attending classes without a formal withdrawal will receive a "DN" grade or the so far earned grades for all her registered courses. If the student is a scholarship or financial aid student, she must obtain the approval from the Scholarship Unit before starting the withdrawal process.

Withdrawal from a Semester

A student has the right to withdraw only during the withdrawal period specified in the Academic Calendar for that semester. Upon the completion of the withdrawal process, the student must re-join the University in the following semester. If the student fails to re-join, she must either apply for a deferral of study or for a withdrawal from the University. Otherwise, she will be considered as disenrolled.

The following will be implemented if a student withdraws from the semester:

1. The student will receive a grade of "W" for all the courses in which she is enrolled.
2. The semester from which a student has withdrawn is counted towards the MTF.

Withdrawal from the University

A student has the right to withdraw from the University prior, during, or after the withdrawal period specified in the Academic Calendar; however, the following consequences apply:

Prior to the withdrawal period: the Registration Unit will drop all the student's courses.

During the withdrawal period: the Registration Unit will assign a "W" grade to all the student's courses, and the semester from which the student withdrew will be counted towards the MTF. The withdrawal from the University will effectively be on the student's record the following semester.

After the withdrawal period: the student will receive a grade of "DN" or "F" based on her attendance record and earned grade for each course. The withdrawal from the University will effectively be on the student's record from the following semester.

The Registration Unit will deactivate the record of students who permanently withdraw from the University. Students have the right to reactivate their records within four semesters.

Reactivation and Readmission to the University

Reactivation of Students' Record

Students whose records are deactivated have the right to apply for reactivation of records by completing the "Re-activation / Re-admission Form" (available at the Registration Unit) within four semesters starting from the deactivated semester until the first week of classes of the requested semester. Upon the approval of the Dean of Students, the student must pay a non-refundable reactivation fee of (SR 200 + VAT) at the Accounting Department. Students are allowed to reactivate their records only once. Students who were enrolled in another higher education institution and are applying for a reactivation must submit their transcript of records from the other university. Upon reactivation of records, students will follow the Program of Study (POS) of their respective majors.

The following students do not have the right to apply for reactivation:

1. Those who have academic or disciplinary dismissal from Dar Al-Hekma University.
2. Those who have disciplinary dismissal from other higher education institutions.

Readmission to the University

In the cases below, students have to apply for readmission and not reactivation by completing the "Re-activation / Re-admission Form" (available at the Registration Unit):

1. If the application date is four semesters past the deactivated semester.
2. If the applicant exceeded the reactivation attempt allowed.
3. If the applicant had an academic dismissal.

Students who wish to apply for readmission must submit their application two weeks before the beginning of the requested semester. Upon the approval of the Dean of Students, applicants must pay a non-refundable application fee of (SR 500 + VAT) at the Accounting Department.

Applicants must meet the admission criteria in the requested readmission semester except for those who did not exceed the four semesters' time limit. Any related admission criteria are studied on a case-by-case basis.

Students who have received a disciplinary dismissal from Dar Al-Hekma University or from other higher education institutions, do not have the right to apply for readmission. The University has the right to cancel a readmission application if the student has been identified to have received a disciplinary dismissal.

❖ Transfer of Credits and Change of Major or Track

Transfer from Other Universities to Dar Al-Hekma University

New Transfer Students

New transfer students must meet all the undergraduate admission criteria specified for freshmen applicants. Students transferring from other universities, where English is the medium of instruction, may not be required to take the English proficiency test upon entrance to Dar Al-Hekma University. Students who have successfully completed A-Level, IB or AP examinations are entitled to receive credits for the courses they passed. New transfer students can apply for transfer of credits by completing the "Transfer of Credits Request Form" (available at the Registration Unit).

Dar Al-Hekma Former Students Rejoining the University

Former students, who intend to re-join the University after their records are reactivated or after being readmitted, have the right to apply for transfer of credits from other universities if they meet the transfer of credits eligibility requirements.

Dar Al-Hekma University Students Visiting Other Universities

Students visiting other universities during their years of study at Dar Al-Hekma University must obtain the approval of their respective Department Chair prior to applying to the other university by completing the "Transfer of Credits Permission Form" (available at the Registration Unit). During the summer session, the University refrains from transferring credits for students who intend to visit other Universities in Jeddah if the course in question is offered at Dar Al-Hekma University.

Required Documents

Transfer students must submit the following documents to the Registration Unit or send it to the email: transfer@dah.edu.sa one week before the first day of classes of the semester at the latest:

1. An official transcript from the university they are transferring from.
2. A detailed description of all the courses taken in the other university.

Eligibility Requirements

Transfer students are eligible to transfer their credits upon fulfilling the requirements below:

1. The university from which the student is transferring must be recognized by the Ministry of Education (MOE). Please visit the Ministry's URL: <https://ru.moe.gov.sa/Search>.
2. The Cumulative Grade Point Average (CGPA) must be equivalent to "C" or above during the last semester in the previous university.
3. Transfer students must not have been dismissed from the previous university for disciplinary reasons.

Processing Transfer of Credits

The Registration Unit needs from 10 to 15 working days to process any transfer of credits for any student. The transfer of credits process is conducted based on the following:

1. The course should have been completed within the 5 years preceding the application of transfer of credits. Courses older than 5 years are considered on a case-by-case basis.
2. The course is not completed through correspondence and/or distance learning.
3. The grade earned for a course studied at other higher education institution must be:
 - 1)"C" (equivalent to 70%) or higher for a major requirement course.
 - 2)"D" (equivalent to 60%) or higher for a general requirement course.

- 4.The course must match 80% of the content of a similar course offered at Dar Al-Hekma University.
- 5.If the course does not fulfil the criteria mentioned in the fourth point, the credits are transferred as a General Education Elective course or a Free Elective course with the exact number of the credits taken.
- 6.The Arabic or Islamic courses studied at local higher education institutions are transferred as Arabic or Islamic courses with the exact number of credits taken.
- 7.Transfer students do not earn grade points for the transferred courses. The Registration Unit considers the credits taken for the transferred courses only and designates the grade of "No grade – Pass" (NP) for each transferred course.
- 8.The credits of the transferred courses are counted into the Maximum Time Frame (MTF) of the program at Dar Al Hekma University.

Limitation on the Number of Credits Allowed to be Transferred from Other Universities

Dar Al-Hekma University allows students to transfer a maximum of 50% of the total credit hours required for their graduation at the University. Transfer students must complete at least 60% of their junior and senior year courses at Dar Al-Hekma University. No credits will be transferred if they exceed the Program of the Study (POS) requirements.

Change of Major or Track

Initially, a student specifies the intended academic major or track on the Undergraduate Admission Application and later the student has right to change the major she applied to. However, the decision to change an academic major is a matter of great significance and should be pursued only after thoughtful deliberation. Students who change majors must meet all requirements of the new major. A change of major or track may consequently lead to a time extension beyond the typical eight semesters of academic study.

A student who wishes to change her major must first consult with the Counselling and Career Advising Office at the University to review the Professional Interest Test (PIT) results.

Students can apply to change their majors by completing the "Change of Major E-form" (available in the Petition System) within the change of major period specified in the Academic Calendar. On the application the student should:

- 1.Explain the reason for changing the major.
- 2.Consider the completed courses that will not be counted towards graduation.
- 3.Verify the need to withdraw courses that will not be counted towards the new major and, hence, graduation. The withdrawal from these courses must be completed before the deadline specified in the Academic Calendar while taking into consideration the semester course load minimum load.

Upon the change of major, the student will be assigned a new academic advisor from within the new major. The student can apply to change track by completing the "Change of Track Form" (available at the Registration Unit) within the allowed period for chaining major as specified in the Academic Calendar.

DAH, Takaful, and Al-Elm scholarship students shall not change the area of their specialization after they have commenced their studies. They can change their major after the approval of the Scholarship Committee and will, consequently, bear the resulting extra cost.

A+ = 5.00 points

A = 4.75 points

B+ = 4.50 points

B = 4.00 points

C+ = 3.50 points

C = 3.00 points

D+ = 2.50 points

D = 2.00 points

F or DN = 1.00 point

Semester Grade Point Average

The Semester Grade Point Average (SGPA) is calculated as the total number of grade points earned per credit hour divided by the total credit hours in a semester.

Cumulative Grade Point Average

The Cumulative Grade Point Average (CGPA) is calculated as the total number of grade points earned per credit hour divided by the total credit hours in all the courses taken at Dar Al-Hekma University. The grades of transferred courses from other universities are not used to calculate the CGPA.

The grade of "NP" does not receive grade points, and therefore, does not affect the GPA calculation. While the grades of "IP," "IC," and "AF" receive no grade points and not impact the calculation of CGPA. Dar Al-Hekma University considers the credits in which these grades are received to be attempted, but not successfully completed, and therefore, will decrease the overall successful course completion percentage until given grade points.

The grades of "NF" and "W" bear no grade points, and therefore, do not influence the calculation of CGPA. In this case, the University considers the credits in which these grades are received to be attempted, but not successfully completed, and therefore, will decrease the overall successful course completion percentage.

Grading Operations

Dar Al-Hekma University follows the policies rules below in grading operations.

Grade Submission

The final grades of a course are posted on the on the Student Information System (SIS) for the student view within a maxim period of three days from the course final exam date.

Changing of a Grade

The allowed period to change a grade is during the semester following the course final exam date. During the allowed period, the course instructor has the right to change a grade of a student if the instructor provides a valid justification for the change approved by the respective Department Chair and the Dean of School.

Withdrawal from a Course

A student may withdraw from a course during the period specified in the Academic Calendar if she is having difficulty in the course; experiencing serious medical problems, not being able to develop the required skills to pass the course or having other valid reasons. Such a decision needs to be discussed with the academic advisor while taking into consideration that a minimum course load of 12 Semester Credit Hours (SCH) must be maintained after withdrawal. DAH, Takaful, and Al-Elm scholarship students must receive an approval from the Scholarship Unit to complete their process. An approval will be granted if it does not affect her graduation. The student will be allowed to withdraw from the same course a maximum of two times.

A student who wishes to withdraw from a course must complete a "Course Withdrawal E-form" (available in the Petition System). If a student stops attending classes without officially withdrawing from the course, she will receive a "DN" grade in that course.

The following will be implemented if the student withdraws from a course:

1. The student will receive a grade of "W", which is not calculated towards the student's CGPA.
2. The credit hours from a withdrawn course are counted as attempted (but not earned) when calculating the student's minimum completion rate of 67%, which is the minimum rate that a student must complete of her attempted credit hours each semester to graduate within the Maximum Time Frame (MTF) of her Program of Study (POS).

Application for an Incomplete Grade

A student has the right to apply for a grade of Incomplete "IC" in a course if she is unable to take the final exam or submit the final project on the due date due to circumstances, including but not limited to, health problems or a death in the family. In this case, the student must complete the "Request for Incomplete Grade) E-Form" (available in the Petition System) before the due date of the final exam. During the application process, the student must upload the necessary documents to validate the reasons she claims for not being able to complete the course final requirement.

The course instructor assigns a grade of "IC" to the student if the following conditions are met:

1. Successfully completing a minimum of 60% of the course work requirements.
2. Providing enough documents that support the application.

The course instructor and the Department Chair have the right to decline rescheduling a final exam for any student if the latter fails to provide valid reasons and supporting evidence for having missed the exam.

A student who misses a final exam and fails to officially apply for the grade of "IC", receives a grade of Absence Failure "AF". A student who fails to show up within one week of the missed final exam date and submit authentic documents to support her absence will receive the so far earned grade in that course. If the student shows up within the one-week period with valid document to support her absence, the instructor will change the grade of "AF" to "IC" and reschedules the final exam.

Removal of an Incomplete Grade

A student who receives a grade of "IC" must deliver the incomplete work of the course within eight weeks after the initial final exam date for that course. If the student fails to deliver the work within the identified period, she receives the so far earned grade of the course. Any student who has an "IC" grade on her transcript will not be able to graduate.

Academic Standing

Good Academic Standing

A student is considered in good academic standing if she maintains a Cumulative Grade Point Average (CGPA) of 2.75 or higher, which is the minimum CGPA required for graduation.

- 3.Having met the above criteria for two consecutive semesters either (fall or spring), or (spring and fall).
- 4.Not having received any grades of "F", "NF", "DN" or "IC" for any course.

The President's Honor List status is posted each semester on the student's transcript and is not removed unless the student subsequently fails to meet one of the above-mentioned criteria.

Academic Probation

Dar Al-Hekma University places a student on academic probation if her work do not meet the University minimum standards and she do not succeed in maintaining a minimum CGPA of 2.75. During the probationary period, the student must raise her CGPA to the minimum accepted level, and therefore, she must:

1. Register for a course load of only 11 to 13 SCH per semester.
2. Repeat major requirement courses or general requirement courses that she has failed with an "F" or "DN" grades. The academic advisor has the right to ask a student on academic probation to repeat courses of "D" or "D+" grades to help improve the student's CGPA.
3. Follow up with her academic advisor on her performance and academic load.

A student cannot remain on academic probation for more than three consecutive semesters, and those who fail to demonstrate satisfactory progress at the end of the third semester will be dismissed from the University.

Academic Dismissal

Dar Al-Hekma University dismisses a student on probation who fails to show satisfactory academic progress by the end of the third probationary semester. The University also dismisses any student on probation if it is mathematically proven that it is impossible for the student to reestablish satisfactory progress at any point during the probationary period. In addition, students who are deemed unable to successfully complete all program requirements prior to the expiration of the Maximum Time Frame (MTF) will be dismissed without benefiting from any probationary period.

A student must provide solid evidence of any exceptional circumstances that negatively affected her academic performance. Students who successfully waives an academic dismissal notification will be considered on probation for the subsequent semester.

A student is considered expected to graduate in a semester if the total remaining Semester Credit Hours (SCH) is less than 50 SCH. Accordingly, students who are expected to graduate must complete a "Request for Graduation E-Form" (available in the Petition System). This form should be completed one semester prior to the expected graduation semester and during the declaration of graduation period specified in the Academic Calendar. During that process, the student must arrange a meeting with her academic advisor to:
