Welcome to Dar Al- Hekma University website.

It gives us great pleasure to be at your service and to be able to answer all your queries. On this page, you will find all contact numbers and emails that you may need. You are just a call away from us. Do not hesitate to contact us.

Just to remind you that we have a great variety of female-only undergraduate and graduate programs for both females and males. You can find them in the tabs below.

We also have a general education program that offers a variety of core and elective courses for all majors. There is also a program for new students who need to strengthen their knowledge of the English language depending on their TOEFL/IELTS scores, which is the University Academic Preparation Program (UAPP).

The University also has a continuing education program that has, besides English courses, a variety of other courses for personal and professional development.

For those interested in scholarships, the University offers a variety of undergraduate scholarships and loans.
